

Let Your Love Light Shine

HELP US DECORATE THE LOVE LIGHT TREE
THIS HOLIDAY SEASON

Greetings! We hope this letter finds you well. Each year, Hugh Chatham Health decorates the Love Light Tree with snowflakes in honor or in memory of loved ones and those we hold dear. Funds raised this year will benefit the beautification project at the Hugh Chatham Health Cancer Center. The Cancer Center provides compassionate, innovative radiation therapy and chemotherapy services to residents in the Yadkin Valley and beyond, including access to clinical trials and expert treatment close to home. The beautification project will include new landscaping and seating areas, serving as a respite for patients and their caregivers.

The Love Light Trees will be located in the main hospital lobby for all to enjoy and the snowflakes used to decorate the tree will include the name(s) of your loved one(s).

It is our hope that you're able to donate to this year's Love Light Tree and help make a difference in the lives of many. To make a contribution, please contact the Hugh Chatham Health Auxiliary office at 336-527-7094.

\$5 - In honor of in memory of someone special to you
\$10 or more - A family, group, or organization

Thank you for making Hugh Chatham Health Auxiliary the beneficiary of your most gracious generosity.

Sincerely,

Katee Hettleman

Executive Director, Foundation and Volunteer Services
